

Rain over the past couple weeks has sure made everyone's attitude improve. The lawns and pastures have sure turned green again and are growing. There is also some corn being chopped in the area.

Precipitation at Armstrong was 1.26 inches for the week and Neely-Kinyon received 2.41 inches.

Activities:

Neely-Kinyon Field Day was on Tuesday with about 45 in attendance

Guys are working on harvest equipment

Guys attended Agrivision field day in Red Oak

FIMS technician here most of the week installing and hooking up equipment.

Garland Dahlke was also here.

Plans and protocols are being made for the first group of cattle on the FIMS project

Thanks to Kathleen Delate for putting on an informative program at Neely-Kinyon. Was a beautiful evening. Thanks also to Dr. Cynthia Cambardella, Mike Witt and Denise O'Brien for participating in the program.

Thank you goes out to Kathy Rohrig for lining up the evening meal.
