

We are still hoping for some rain, just like a lot of the state is. This week they are calling for some good chances. Both Armstrong and Neely-Kinyon show no rain this past week.

Activities:

Randy and the Master Gardeners are still picking produce in the garden

John has been doing a lot of cleaning and maintenance at the cattle barn

Jim and Dan have been working on corn head and checking over combine

Randy mowed pasture (prairie grasses) and STIPS project at Neely-Kinyon

Dan did some spraying of alleyways around projects and around feedlot

Randy got alfalfa mowed and baled on LTAR plots

Preparation for upcoming field day this week at Armstrong and next week at Neely-Kinyon

Hauled a big load of old electronics to Ames

Finishing touches on FIMS project at the cattle barn—Technician to be here next week to connect all the electronics
